

LOVERING HEALTH CENTER

2025 annual report

IT TAKES EVERYONE

Community support for the Lovering's mission was on full display in 2025! This past year proved that we are collectively ACTIVATED as donors, volunteers, providers, and advocates. Together we successfully weathered legislative and policy threats and grew our service offerings while maintaining affordable access for all.

Thank you for joining us in the work, and helping us demonstrate the strength and vitality of the Lovering community. We strive to lift up the importance of each of our services and the dignity and autonomy of each patient seeking care. It's simple, complicated, and joyful all at the same time. We wouldn't have it any other way and not one of us wants to do it without YOU.

In Solidarity,

**Sandi Denoncour
& Cybele Grier**

we were able to expand services and grow as an organization. Support from volunteers, teaching partners, local mutual aid partners, and YOU made it possible.

THE PEOPLE

Donors & Impact 2025:

collectively

**51% increase in
unique donors
in 2025**

We ended 2025 with the highest number of unique donors the organization has ever seen! You made it clear-- you love your local indie clinic.

Percentage of total fundraising by donor type:

- 17% by Champion donors
- 3% by Monthly donors
- 60% by Returning donors
- 20% by New donors

with your support
we were able to provide over
\$59,000
in discounted or free care
in 2025.
